Grant Application

If you are inspired to offer something at Dreamtime but cannot bring your music, performance or workshop without some sort of assistance, you may apply here for scholarship tickets or a grant to cover travel expenses, materials, and so forth. We respect the fact that the daily cost of touring and survival for many performers and musicians can be quite high. We also support those who want to take their vision to the next level. Everyone is asked to buy a ticket and come to the event willing to contribute their best to the positive experience of all. Dreamtime scholarships and grants are for those who would not be able to attend otherwise. Ask for what you need and we will do our best to accommodate you.
